Dear Families

Homework and Revision

As you know, homework is an important part of learning as it helps to consolidate and extend pupils' knowledge and deepen their understanding. Information about the type and frequency of homework for specific subjects for each year group is attached and can also be found on our website. Homework is set by teachers and will be a blend of current learning as well as revision.

Pupil Planners

Pupils received their planners on Friday and should be using these each day to write down homework and ensure they are equipped for each lesson. Sticky timetables are attached to the front and back covers so that pupils can plan for the next day. Please check and sign your child's planner each week to support school-home communication.

Google Classroom and Online Platforms

Like most secondary schools, we use Google Classroom to communicate with and support pupils electronically, as well as a few bespoke, subject-specific online platforms such as Seneca and Sparx. Details for pupils' logins to G Suite (including Gmail and Google Classroom) and other platforms can be found on the curriculum pages of our website [here](#). Parents will also receive direct alerts and notifications for work set and due on these platforms.

Arbor Parent Portal and Parent App

What can you see on the Arbor Parent Portal and Parent App?

As a parent, you will be able to access key details about your child's life at St Mary's. This includes your child's timetable, attendance, personal profile information, parent contact details, and positive and negative points. You will also be able to notify us of amendments to your child's details, such as home address or emergency contact numbers.

As part of our safeguarding procedure, we receive a notification if you make such a change, which we must accept before the amendment is finally made to your child's profile in school.

How do I access the Arbor Parent Portal and Arbor Parent App?

1. Go to <https://login.arbor.sc> and click *Forgot your password?* to log in to your account for the first time.
2. Follow the instructions in the subsequent email to set up your password.
3. Download the Arbor Parent App from your app store by typing in *Arbor*.

It is important to note that you will not be able to log in to the Arbor app until you have completed the initial login process through the Arbor webpage.

More information and troubleshooting are available [here](#).
