

HOMEWORK ROUTINE

1 GET READY

- Find a quiet space.
- Gather books and equipment.
- Put your phone away.

2 CHECK YOUR TASKS

- Look at your planner or online learning platform and list what is due.

3 PLAN YOUR TIME

- Start with the most important or soonest task.
- Break big tasks into smaller chunks.

4 FOCUS

- Work for 25–30 minutes, then take a short 5-minute break.

5 CHECK YOUR WORK

- Proofread.
- Complete corrections.
- Make sure you answered every part.

6 PACK & PREPARE

- Pack your bag.
- Charge devices.
- Get everything ready for tomorrow.

Be organised • Be focused • Be responsible

How Parents Can Support **HOMEWORK ROUTINES**

> A LITTLE SUPPORT GOES A LONG WAY <

Consistent routines, a calm environment and your encouragement can help your child build good habits, gain confidence and make progress.

1

CREATE A QUIET SPACE

Help your child find a calm, tidy and well-lit space to complete their homework, free from distractions such as TV, phones or loud music.

- ✓ Keep it organised and comfortable.
- ✓ Have the resources they need (pens, paper, laptop, etc.).
- ✓ Encourage a focused and positive atmosphere.

2

USE A WALL PLANNER

Keep track of important dates and hand-in deadlines with a wall planner. This helps your child stay organised and reduces last-minute stress.

- ✓ Check the planner together each week.
- ✓ Look out for assessment and hand-in dates.
- ✓ Encourage them to tick off tasks as they're completed.

3

SET ASIDE TIME EACH WEEK

Help your child find a regular time each week to complete their homework. A consistent routine builds good habits and makes it easier to manage workload.

- ✓ Choose a set day and time (e.g. after school or before bed).
- ✓ Stick to the routine as much as possible.
- ✓ Be positive and check in to offer support.
